04 Introduction

Koala Hash Klub is a community driven NFT project with 5555 uniquely generated Koalas consisting of hand drawn traits exclusively built on the Hedera Network.

The Koala Klub team started out as a group of friends who wanted to make a difference in the world, while simultaneously building one of the best communities in the Hedera NFT ecosystem.

In order to accomplish these goals, the project donates a minimum of 2% of profits to charities around the world, and heavily relies on community input to guide the project in the right direction.

05 Mission Statement

Koala Hash Klub's mission is to make the world a better place through the power of NFTs.

We want to connect people across the globe, give back to local communities, and demonstrate that NFTs are more than simple PFPs.

Koala Fight Klub P2E Game

THE FIRST RULE OF KOALA FIGHT
KLUB, IS YOU DO NOT TALK ABOUT
KOALA FIGHT KLUB!

www.kolahashklub.com

Koala Fight Klub P2E Game

Play 2 Earn

Koala Fight Klub will be a P2E game scheduled to be released late Q1/Q2 2023. Koala Fight Klub will be a Player Vs. Player fighting style game, similar to Mortal Kombat or Street Fighter, and will be outsourced and developed by a professional gaming studio: announcement coming Q4 2022.

Koala Fight Klub will have a simple campaign mode, as well as an arcade mode to play against other Koala Fighters or the CPU.

Everyone will have the ability to play Koala Fight Klub. **However, if you want to earn our native token, \$KHK, you will need to own any type of Koala.** You will be able to play against fellow Koala Klub holders, or simply play against the CPU to sharpen your skills and possibly earn \$KHK.

Depending on what difficulty level you're playing on, you can earn more or less \$KHK per match. Playing on Easy will cost 1 \$KHK, playing on Medium will cost 2 \$KHK and playing on Hard will cost 3 \$KHK.

The CPU will match the amount you pay, and the funds will be escrowed in a pool. If you win the match, you earn 90% of the token pool, and 10% goes to the Koala Fight Klub liquidity pool.

If you are playing against another Koala holder, each participant will pay 1, 2, or 3 tokens to play. The winner of the match will receive 90% of the token pool and the other 10% will be deposited into the Koala Fight Klub liquidity pool.

All \$KHK transactions will utilize HTS and occur on the Hedera Mainnet via HSC 2.0

Koala Fight Klub P2E Game

KFK Tournament

Owning a Koala Fighter will grant you special access to a Monthly Knockout Tournament where Fighters will be able to prove their skills and determine who is the true Koala Fight Klub Champion.

The Monthly tournament will be token gated, and hosted on our P2E game, Koala Fight Klub.

Buy In: 100h + own a Koala Fight Klub NFT to enter the tournament (25,600h pool).

75% of tournament funds will go to participants (19,200h for prizes).

20% of tournament funds will go to the project to be reinvested (5,120h).

5% of tournament funds will be donated to charity. The charity of choice will be determined by a Koala Klub DAO vote (1,280h).

KFK Prizes

1st Place: 10,000h

2nd Place: 5,000h

3rd & 4th Place: 1,000h each

5th-16th Place: 266h each

10% of each winner's (1st-16th place) purse will be split evenly amongst their fellow Fighting Clan (IE: if a Ninja won 1st place, they will receive a 9k HBAR purse & 1k HBAR will be split evenly amongst the Ninja Clan)

Point System

The Koala Hash Klub Point System intertwines the Breeding, Farming, and Staking mechanisms and is verified by token IDs.

www.koalahashklub.com

Koala Klub Point System

Each Koala you own is worth a certain amount of points, and the goal is to accumulate as many points as possible. The more points you have, the better the benefits you can receive.

For instance, the more points you have, the higher the Tier you can farm in (higher tiers equal better harvests/prizes). Same concept for staking: the more points that you have, the more \$KHK you earn on a weekly basis.

Regular Koalas
1 point

Joey Koalas, Zombie Koalas, & F1 Koalas
3 points

Ultra Koalas
5 points

Ultra Joeys, Ultra Zombies, & F1 Joeys
7 points

Zombie Survivors
9 points

EVIP Koalas
12 points

Breeding Koalas

One way to potentially increase your point total is by Breeding two Koalas you own to create a new NFT that's worth either 3 or 7 points in Koala Farms and Koala Staking.

How it works:

You'll need two Koalas with the same fur and a Breeding Pass.

Get your Breeding Pass at: <https://zuse.market/collection/0.0.893085>

Every Friday, we allow holders to start the Breeding process which takes two weeks to complete. You'll send the two Koalas with the same fur, the Breeding Pass, and the cost to mint (100h to breed Regular Koalas, 200h to breed an Ultra Koala and a Regular Koala).

After two weeks, you will be airdropped your new Koala with a baby Joey attached to it.

For a full breakdown and explanation of the Breeding process, feel free to check out our Breeding Process slideshow found in our LinkTree:

Whitepaper 3.2

21 Zombie Koalas

As an added bonus for our Koala Breeders, you will be airdropped either a Zombie Koala Urn, or an Ultra Zombie Koala Urn after successfully completing the Breeding process.

Shop for an Urn Pass at: <https://zuse.market/collection/0.0.893085>

These Zombie Urn airdrops can be farmed for two weeks to reincarnate a Zombie Koala or an Ultra Zombie Koala (100h to reincarnate a Regular Zombie Koala, 200h to reincarnate an Ultra Zombie Koala).

Zombies are worth 3 points and Ultra Zombies are worth 7 points in Koala Farms and Koala Staking.

For a full breakdown and explanation of the Zombie Urn Airdrop/Zombie Koala Kollection, feel free to check out our Zombie Koala slideshow found in our LinkTree:

Whitepaper 3.2

Koala Farms

Another perk to owning Koalas is the ability to farm them and harvest a multitude of prizes.

We have implemented a Tiered Farming System where you will need a certain amount of points in order to qualify for each tier and harvest prizes. Each tier also has a different harvest time frame as well.

Some harvest prizes include: HBAR, our native token \$KHK, Koala NFTs, WL for Gen 2 and 3, % off minting costs, Koala Hash Klub merchandise, etc.

For a full breakdown and explanation of Koala Farms, feel free to check out our Koala Farming Guide, download it here:

KOALA HASH KLUB

Whitepaper 3.2

Koala Staking

Besides Farming your Koalas in order to harvest prizes, Koala holders will also have the ability to stake their Koalas and earn our native token, \$KHK.

By simply holding any Koala in your wallet, you'll be able to earn \$KHK tokens on a bi-weekly basis.

Koala Hash Klub has partnered up with Dead Poets Society and will be utilizing their Main Stage Creator Tools to handle our staking mechanisms.

The process will be smooth and simple: Koala holders will automatically be airdropped \$KHK tokens on a bi-weekly basis as long as their Koalas are delisted from secondary markets.

The amount of \$KHK you earn on a bi-weekly basis will be determined by the amount of verifiable points you have; **every 1 point you have is worth 0.5 \$KHK per day.**

Koala Hash Klub Token

\$KHK

Koala holders will be able to earn \$KHK in a multitude of ways, and will be able to use our token for a variety of reasons.

By the beginning of Q4 2022, Koala Klub will partner with a Hedera DeFi DEX, list \$KHK, and create a \$KHK/\$HBAR liquidity pool.

By being listed on a Hedera DeFi DEX, \$KHK holders will be able to swap between \$KHK and \$HBAR, or earn fees by being a liquidity provider.

Based on our distribution methods, the plan is for the full amount of \$KHK to be in the market within 2-3 years.

Supply: 10,000,000

Whitepaper 3.2

Koala Klub DAO

After the successful launch of our Breeding System and Zombie Koala Kollektion, we established the Koala Klub DAO. The idea behind the Koala Klub DAO was to create a decentralized organization within Koala Klub that the team could lean on to make decisions which positively impact our community.

We will take input from our entire community, and grant our EVIPs final voting power. The Koala Klub Dao will generate a steady stream of HBAR through a variety of means, and will have the ability to vote on and decide how they choose to use their warchest.

Goals:

1. Give a voice to our community members; anyone can propose an idea. With enough community support, we will put it to a vote.
2. Grant voting power over major decisions (such as project direction, how to spend the Koala Klub DAO warchest, if/when to sweep the floor, etc) to our most valuable members: our EVIPs.
3. Utilize HBAR and other HTS tokens that the DAO will generate through a variety of means. The DAO will vote on and determine how their assets will be used. HBAR and HTS tokens could be used for DeFi purposes, redistributed amongst DAO members, buying, holding, or selling NFTs etc. Ultimately, it's up to the DAO.

Funding:

1. 50% of HBAR generated from our Breeding process will be deposited into the Koala Klub DAO wallet (estimated HBAR: 15k)
2. 50% of HBAR generated from our Zombie Reincarnation process will be deposited into the Koala Klub DAO (estimated HBAR: 15k)
3. 20% of Koala Fight Klub's mint will be deposited into the Koala Klub DAO wallet (estimated HBAR: 35k+)
4. 5% of Gen 2's mint will be deposited into the Koala Klub DAO wallet (estimated HBAR: 40-50k)
5. 1% of Gen 2's royalties will be deposited into the Koala Klub DAO wallet
6. 5% of Gen 3's mint will be deposited into the Koala Klub DAO (estimated HBAR: TBD)
7. 1% of Gen 3's royalties will be deposited into the Koala Klub DAO (estimated HBAR: TBD)

Community

Donations

One of Koala Fight Klub's founding principles was to support local communities and give back to charities around the world. That's why we donate a minimum of 2% of profits to charity.

Since our founding in November 2021, Koala Hash Klub has donated over \$15,000 USD to charities around the world.

We have helped plant trees in koala habitats that were affected by Australian wildfires, gave financial support to families affected by tornados in Western Kentucky, and donated funds to help support mental health awareness; in particular suicide prevention and helping youth deal with and understand the dangers of social media.

We also host a multitude of charity auctions per year.

50% of total profits from these auctions are donated to charity, and the other 50% goes back into the project to be able to fund future charity auctions.

Our Koala Klub DAO votes on and determines which charity we will support with each auction.

In addition, starting with Gen 2 and continuing on through Gen 3, 2% of royalties will be donated to koala sanctuaries.
